Edit Delete	6/26/2019 11:46:49 AM	Adoption Counselor Notes	<p>██████████ called back. She is happy that we called back to talk about the issue. She informed me that she will be keeping Custer in doors because he is very friendly and also seems visually impaired. She was contacted by Gains street to pickup for another barn cat and she will be doing that so we do not need to find her another. ██████████</p>	No
Edit Delete	6/26/2019 11:29:52 AM	Adoption Counselor Notes	<p>Called ██████████ to inquire about issues with recent adoption of Custard. No answer, left VM. ██████████</p>	No

No signs of injury or illness at this time. Returned again by finder- processing SNR-Barn per ██████████</p> <p>Social behavior known or noted: yes Bite history: no Other aggressive incident(s) history: no Notable behavior concerns: no Evaluation category: uu - community cat- barn. Behavior review required: no ██████████</p>	No
Edit Delete	6/17/2019 11:03:26 AM	Receiving Notes	<p>Was SNR cat, F brought cat back in. he doesn't want the cat in the area as he believes it is a house cat. ██████████ said we will process it as barn. ██████████</p>	No
Edit Delete	6/10/2019 3:41:21 PM	Animal Care Observation Notes	<p>Cat in box entire time during cleaning. Cat did not eat or use litter box. Cat no EC, facing back of box. ██████████</p>	No
Edit	6/9/2019	Receiving	<p>Z- Admissions Behavior - Stray Animal:</p>	No

Delete 2:22:03 PM Notes

Admissions staff observations:QAR. Community cat- visual exam only. No signs of injury at this time. C seemed stunned, refused to move from carrier to feral box, or once in feral box. Stroked head with back scratcher and C began to lower ears, and pupils dilated. Ended interaction and housed in CH5. Processing cc-snr.

Social behavior known or noted: yes

Bite history: n/a

Other aggressive incident(s) history: no

Notable behavior concerns: comm. cat

Evaluation category: uu community cat

Behavior review required: no

This cat was found on the doorstep of [REDACTED] San Diego, CA 92128.

The finder found this cat approximately 5 days ago.

The finder had seen this pet in the neighborhood for approximately 5 days.

The finder kept the pet outside. The first day he found the cat, he put the cat back over his fence and did not feed it in order to encourage it to go back home. The cat reappeared the next day. The finder put fliers up around his neighborhood in search of an owner. No one came forward so the finder brought the cat here.

The finder kept this cat outside.

When coming here in the car the cat was calm and quiet.

The finder allowed the cat to interact with his 3 Yorkies. The cat was not afraid of the dogs, did not back up, and did not appear tense. The cat approached the dogs and smelled them.

The finder did not notice any injury or illness.

No bites occurred that the finder is aware of.

The cat was not wearing a collar or any other sort of identification.

The finder does not want to SNR.

Unable to scan for a microchip.
